

SPECIAL NOTICE FOR THE MAN OF THE HOUSE

“How to Guarantee Your Loved One Loves You For Another Year...”

Or, the Serious Implications if you forget a certain date...

Dear Sir,

We haven't seen your lovely lover in quite some time, so we wanted to pull a fast one on her and send a little note to you.

Normally I don't write to the partners of our clients, but this is different. You see, we women are different from men. You have probably already noticed this. We love to be pampered, treated like a princess, showered with attention. (Hint: don't fight this. It's just the way we are☺)

It's said that:

“A happy woman equals a happy home.”

Why am I telling you this? I'm glad you asked. Because a **Significant Date** is approaching – a day you do not want to miss.
