

Updating your Domain's Nameservers (DNS) - NameCheap.com

Step #1 - Login to Your NameCheap.com Account

The screenshot shows the NameCheap.com homepage. At the top, there is a navigation bar with links for Home, Register a Domain, Transfer Your Domain, Privacy Protection, FreeDNS, Web Hosting, SSL Certificates, Marketplace, and My Account. Below this is a yellow banner for domain registration, followed by a blue banner for web hosting. The main content area is divided into several sections: Services Included With Every Domain, Transfer Domains to Namecheap, Our Products (RapidSSL), and FREE PositiveSSL. The login form is located on the right side of the page, circled in red, and includes fields for Username and Password, along with a Login Now! button. The login form is titled "Login to your account" and is part of a "Need Help? Try LIVE SUPPORT" section.

What our customers say

I use Namecheap daily for registering domains for my business. I refer all of my customers to them. They have the cleanest interface

Step #2 - Select 'Manage Domains'

The screenshot shows the Namecheap member dashboard. At the top left is the Namecheap logo and tagline: "We Offer Cheap Domain Registration with FREE E-mail/URL Forwarding". To the right are links for "LIVE SUPPORT", "BECOME A FAN ON FACEBOOK", "FOLLOW US ON TWITTER", "SERVER STATUS", and "FORUMS". Below these are "View Cart", "Logout", "Help", "Whois", and "Contact Us".

The main navigation bar includes: Home, Register a Domain, **Manage Domains** (circled in red), Transfer Your Domain, Privacy Protection, FreeDNS, Web Hosting, SSL Certificates, Marketplace, and My Account. A secondary bar includes: Member Home, Manage Transfers, Renew/Reactivate Domains, Manage Profile, Add Funds, Withdraw Funds, and Reports. A search bar at the top right shows "Domain Search: www. .com" with a "GO" button.

The main content area is titled "Home Page" and features a warning banner: "THESE ITEMS REQUIRE YOUR IMMEDIATE ATTENTION" with a sub-message: "There is 1 domain that expire within 30 days. Please renew them immediately and prevent the loss of your domain." Below this is a table of account information:

ACCOUNT INFORMATION		
Number of domains in your account	8	view
Domains expiring within 30 days	1	view
Domains you have listed for sale	0	view
Domains you have placed offers for	0	view
WhoisGuard subscriptions	7	view
WhoisGuard expiring within 30 days	1	view
Transfer requests in progress	0	status
Number of unread recent messages	3	read

Below the table is a "QUICKLY MODIFY ONE OF YOUR DOMAIN" section with a form: "Enter domain: www. yourdomain.com" and a "Modify >>" button. At the bottom left are login/transaction logs:

- Last Login: 05/20/10 03:28 PM
- Last Transaction: 09/30/09 01:23 AM

On the right side, there is a "More Links" section with a list of links: Your Domains / Products, Domain Transfer Status, Your Hosting Accounts, Order History, Transaction History, Modify Multiple Queue, Get EPP Code, Affiliate Program, Contact Us, and Help.

Below the account information is a promotional banner for ".me" domains: "Available Now Just \$ 21.98 per year yourname.me" with links for "view chart" and "hide this for 30 days".

Below the banner is a "FUNDS IN YOUR ACCOUNT" section:

Available Balance	\$0.00
Account Balance	\$0.00
Earned Amount	\$0.00
Withdrawable Amount	\$0.00
Auto Renew Requires	\$0.00

Below this is a link "Add Funds to your account" and logos for "PayPal" and "Google Checkout".

Step #3 - Click on your domain name

The screenshot shows the Namecheap website interface. At the top, there is a navigation bar with links for Home, Register a Domain, Transfer Your Domain, Privacy Protection, FreeDNS, Web Hosting, SSL Certificates, Marketplace, and My Account. Below this is a secondary navigation bar with links for Member Home, Manage Domains, Manage Transfers, Renew/Reactivate Domains, Manage Profile, Add Funds, Withdraw Funds, and Reports. The main content area is titled "Your Domains" and features a search bar with "Domain Search: www." and ".com". A sidebar on the left contains various management options like "Your Domains", "Renew Domains", "Reactivate Domains", "Your Domains For Sale", "FreeDNS", "Hosted Domains", "Pending Domains", "Transfers", "WhoisGuard", and "Others". The main table lists domains with columns for Domain Name, Created On, Expires, and Status. The domain "craigmaclean.me" is circled in red. Below the table is an "Edit Selected >>" button and a legend for column headings.

Step #4 - Select 'Domain Name Server Setup'

The screenshot shows the Namecheap website interface. At the top, the Namecheap logo is on the left, and navigation links for 'LIVE SUPPORT', 'BECOME A FAN ON FACEBOOK', 'FOLLOW US ON TWITTER', 'SERVER STATUS', and 'FORUMS' are on the right. Below this is a navigation bar with links for 'Home', 'Register a Domain', 'Transfer Your Domain', 'Privacy Protection', 'FreeDNS', 'Web Hosting', 'SSL Certificates', 'Marketplace', and 'My Account'. A secondary navigation bar includes 'Member Home', 'Manage Domains', 'Manage Transfers', 'Renew/Reactivate Domains', 'Manage Profile', 'Add Funds', 'Withdraw Funds', and 'Reports'. A search bar is present with the text 'Domain Search: www.' and a dropdown menu set to '.com'. The main content area is titled 'Modify Domain: craigmaclean.me'. On the left sidebar, under the 'General' section, the 'Domain Name Server Setup' option is highlighted with a red circle. Other options in the sidebar include 'Change Contacts', 'Transfer DNS Back to Us', 'Registrar Lock', 'Auto-Renew', 'List Domain For Sale', 'TypoScan', 'Whois Business Listing', 'Advanced Options', 'Nameserver Registration', 'Push Domain To User', and 'Grant Modification Rights'. The main content area shows a 'WHOISGUARD - ENABLED' section with a message: 'WhoisGuard is currently enabled for this domain. Your personal information is protected from public access [Disable WhoisGuard]. [Change Protected Contact Information]'. Below this, it states 'This subscription expires on: Sunday, September 12, 2010'. There is also an 'EMAIL ADDRESS' section with the text 'Whoisguard email: You can change the above email to something else: Set a new random whoisguard email in whois'.

Step #5 - Enter DNS Information

Enter your hosting DNS servers supplied by your hosting provider. There should be 2 and often begin with 'ns1' and 'ns2'.

Select 'Save Changes'.

The screenshot shows the Namecheap website interface for modifying domain settings. The page title is "Modify Domain: craigmacleane.me". Under the heading "CHANGE EXISTING DOMAIN NAME SERVER INFORMATION", there are two radio button options: "Use NameCheap Hosting DNS Servers" (unselected) and "Specify Custom DNS Servers (Your own DNS Servers)" (selected). Below the selected option, there are five input fields for DNS servers. The first two fields contain "ns1.something.com" and "ns2.something.com" respectively. At the bottom of the page, a "Save Changes" button is highlighted with a red circle. The left sidebar contains various domain management options like "Change Contacts", "Domain Name Server Setup", and "Transfer DNS Back to Us".

That's It!

Please note that these DNS settings MAY take up to 24 hours to take effect.
